

Catawba County Future Trends Dialogue Group

Be a part of the discussion!

How do we prepare for a different kind of future?

How can we adapt to a rapidly changing world?

You are invited to participate in an exciting new project to help prepare our citizens for a different kind of future. Help us rethink how we can make our county vital and sustainable in a time of constant change.

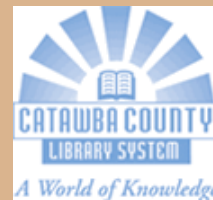

Our new dialogue groups will read books, periodicals and/or Internet information to help us understand the ongoing changes in education, economic development, leadership, health care, the environment and governance.

At monthly dialogue groups you can help select materials and topics to give us all a better understanding of the coming impact of future trends and weak signals affecting ourselves and Catawba County.

2nd Thursday of the month
